

Guiding Statement (Grade XI-XII)

Vision

To serve as a springboard for learning that recognizes the dynamics and challenges of an ever-evolving and increasingly interconnected world, and celebrate the continuum of values and culture, characteristic of a vibrant, harmonious and forward-looking society. We believe that a happy school will inspire children's imagination, foster excellence and make the learning experience enjoyable, thereby preparing them for lifelong learning and paving the way for a progressive nation and a better world.

Mission

To provide a learning experience that makes every child a happy and a whole person - an experience that children would cherish for a lifetime; one that brings out the best in them to live life fully and in meaningful ways.

We seek to accomplish this by providing a range of learning opportunities and challenges that would enable the young minds to explore the diversity and commonality of the world with a sense of wonder, think creatively and critically, express themselves effectively, embrace a culture of innovation, instill a love for lifelong learning, and evolve as responsible citizens.

Objectives

- To promote among children and every member of the school community, an abiding passion to learn, imagine and excel.
- To engender excellence beyond the classroom and enable children's holistic development through an array of curricular and co-curricular programmes - intellectual, emotional, spiritual, creative, artistic and athletic.
- To help every child develop creative and critical thinking and discover their latent talents.
- Make children aspirational in their goal orientation and steadfast in their effort.
- To ensure the well-being and sustained development of every child by providing a secure, caring, collaborative and technology-enabled environment.
- To provide children with opportunities to experience the rich legacy of India's history, traditions and culture and appreciate its importance in developing themselves as thoughtful individuals and responsible members of society.
- To develop in children sound work ethic, tolerance, courtesy, humility, respect for others, moral courage and service to society.
- To inculcate the values of empathy and compassion in children through participation in community service activities and outreach programmes.
- To provide children with a wide range of learning experiences which will enable them to practice a disciplined and healthy lifestyle and acquire essential life skills, self-confidence and leadership attributes.
- To develop children as responsible citizens with a global perspective and environmental awareness and care, being aware of their current and future roles.
- To offer educational programmes of the highest standards with committed teachers and by providing a learner-friendly environment and state-of-the-art campus facilities.
- To introduce and integrate proven and innovative pedagogical practices and emerge as a model of educational excellence.

At PIET Sanskriti Senior Secondary School, we are guided by a set of values and attributes that are central to our ethos-

PLEDGE

India is my country and all Indians are my brothers and sisters. I love my country and I am proud of its rich and varied heritage. I shall always strive to be worthy of it.

I shall give my parents, teachers and all elders respect and treat everyone with courtesy. To my country and my people, I pledge my devotion. In their well-being and prosperity alone, lies my happiness.

FROM MY HEART I PRAY

Pray for our country

Where the mind is without fear and the head is held high

Where knowledge is free

Where the world has not been broken up into fragments by narrow domestic wars.

Where the world come out from the depth of truth

Where tireless striving stretches its arms towards perfection

Where the mind is led forward by thee into ever widening thoughts and actions into that heaven of freedom, my father, let my country awake.

SMART FOOD SMART SCHOOL

Smart food smart school is a campaign for our School community. The sole aim of and objective of the campaign, is to help the school community become aware of the hazards of eating unhealthy food and the benefits of eating healthy food.

Example:

A healthy diet consists of

Pure Juice	Water
Fruit	Veggies

An unhealthy diet consists of :

Chocolate Fizzy Drink
Crisps Sweets

It is a proven fact that the food you eat effect behaviour.

Schools throughout the world have faced behaviour issues on a daily basis, and have struggled to find a solution to reduce the problem until now. Those students who eat healthy food both at home and at school would not face as many behavioural problems as those who eat unhealthy food at home and at school. It is the responsibility of the parents and students to bring the correct healthy food to school.

Please remember:

“Healthy food produces healthy mind, healthy bodies and healthy futures”.

AI BASED ASSESSMENT POLICY

Assessment is the gathering and analysis of information about student performance. It identifies what student now, understand, can do and feel at different stages in the learning process.

Why do we assess?

The purpose of assessment is:

- To provide feedback to student – to assist them to develop an understanding of where they are and to help them on the next stage.
- To provide feedback to teachers – to assist them in planning and teaching.
- To provide feedback to parents to assist them in understanding where their ward is and support their ward’s learning.

What do we assess?

We aim to thoughtfully and effectively guide children through five essential elements of learning:

- The understanding of concepts
- The acquisition of knowledge
- The mastering skills
- The dominant positive attitudes
- The decision to take responsible action
