|              | <b>Vocabulary words</b>                          | Vocabulary words of letters Rr, Ss and Tt  |
|              | <b>Concept - Hot / cold</b>                      | Child will learn the concept of hot and cold by touching different objects.  |
|              | <b>Motor skill</b>                               | Fine motor practice : zip and unzip , Screw and Unscrew bottles.   |
|              | <b>Value of the Month: Safety</b>                |  |
| DECEMBER'25  | <b>Introduction to letter Uu, Vv, Ww and Xx</b>  | Decorate the Umbrella, Decorate the vest, Make a worm with ice cream stick and X-ray activity.                             |
|              | <b>Vocabulary words</b>                          | Vocabulary words of letters Uu, Vv, Ww and Xx  |
|              | <b>Concept - Fast / Slow</b>                     |  |
|              | <b>Motor skill</b>                               | Cutting along lines.   |
|              | <b>Value of the Month: Cleanliness</b>           |  |
| JANUARY'26   | <b>Introduction to letter Yy and Zz</b>          | Yarn activity, Make a zebra.   |
|              | <b>Vocabulary words</b>                          | Vocabulary words of letters Yy and Zz  |
|              | <b>Recap of all the Concepts</b>                 |  |
|              | <b>Motor skill</b>                               | Walk on heels, Movements:- galloping and skipping.   |

|                     |  |   |
|---------------------|--|---|
|                     |  |   |
|                     | <b>Value of the Month: Cooperation</b>               |   |
| <b>FEBRUARY'26</b>  | Revision of alphabets                                |   |
|                     | Match the letter with the picture                    |   |
|                     | Match the similar letter                             |   |
|                     | <b>Value of the Month: Recap</b>                     |   |
| <b>MARCH'26</b>     | Revision of full syllabus.                           |   |
| <b>MATHEMATICS</b>  |  |   |
| <b>APRIL'25</b>     | Pre Math Concepts: Big/Small                         | By sorting balls in big and small basket.   |
|                     | Shape: Circle  | Make the kids sit or stand on the floor in a circle.  |
|                     | Intoduction To number 1                              | Finger Paint Activity   |
|                     | <b>Oral-Counting 1 to 5</b>                          |   |
|                     |  |   |
| <b>MAY'25</b>       | <b>Pre Math concept- Same and Different</b>          | Basic concepts that help children to compare objects which are same and different.              |
|                     | <b>Shape: Recap</b>                                  |   |
|                     | <b>Oral- Counting 1 to 5</b>                         | Clap activity.  |
|                     | <b>Practice: Worksheets related to Concepts</b>      |   |
|                     | Revision of April Syllabus                           |   |
| <b>JULY'25</b>      | <b>Introduction to Number '2'</b>                    | Color in number '2'   |
|                     | <b>Pre Math concept-Tall/ short</b>                  | Straw Activity  |
|                     | <b>Shape: Triangle</b>                               | .   |
|                     | <b>Oral- Counting 1 to 10</b>                        |   |
|                     | <b>Practice- Worksheets related to concept</b>       |   |
| <b>AUGUST'25</b>    |  |   |
|                     | <b>Intoduction to number 3,4</b>                     |   |
|                     | <b>Activity with Number 3,4</b>                      | Walk on number 3 and 4 .  |
|                     | Concept-Long/ Short                                  | Worksheet Related to Concept.   |
|                     | <b>Shape- Recap</b>                                  |   |
|                     | <b>Oral- Counting 1 to 10</b>                        |   |
| <b>SEPTEMBER'25</b> | <b>Intoduction to number 5</b>                       | Simon says activity:- Pick 5 objects.<br>Hand activity:- Hand activity by showing five fingers. |
|                     | <b>Concepts: Count and Circle the correct Number</b> |   |
|                     | <b>Count and Match with Correct Number</b>           |   |
|                     | <b>Activity with Number 5</b>                        |   |
|                     | <b>Concept: Recap</b>                                |   |
|                     | Recap of Numbers 1-5                                 |   |
|                     | <b>Shape-Square</b>                                  |   |
|                     | <b>Oral-Counting 1 to 10</b>                         |   |
|                     |  |   |
|                     | <b>Intoduction to number 6,7</b>                     | Cup activity.   |

|                                       |  |   |
|---------------------------------------|--|---|
| <b>OCTOBER'25</b>                     | <b>Activity with Number 6,7</b>                      | By making blocks building.  |
|                                       | Concept- Recap                                       |   |
|                                       | <b>Shape : Recap</b>                                 |   |
|                                       | <b>Oral-Counting 1 to10</b>                          |   |
| <b>NOVEMBER'25</b>                    | <b>Intoduction to number 8,9 and 10</b>              |   |
|                                       | <b>Concepts: Count and Circle the correct Number</b> |   |
|                                       | <b>Count and Write with Correct Number</b>           |   |
|                                       | <b>Concept: Near / Far</b>                           | Kids will be able to point near and far objects.  |
|                                       | <b>Shape: Rectangle</b>                              |   |
|                                       | <b>Sequencing 1-10</b>                               |   |
|                                       | <b>Activity with Number 8,9,10</b>                   | Cup activity, Finger activity   |
|                                       | <b>Oral-Counting 1 to10</b>                          | Finger Paint Activity   |
| <b>DECEMBER'25</b>                    | <b>Intoduction to number 11-15</b>                   | By making a number ladder on the floor and let the students stand in a row on the ladder. |
|                                       | <b>Concepts: Count and Circle the correct Number</b> |   |
|                                       | <b>Count and Match with Correct Number</b>           |   |
|                                       | <b>Concept: Heavy / Light</b>                        |   |
|                                       | <b>Shape: Recap</b>                                  |   |
|                                       | <b>Oral-Counting 1 to15</b>                          |   |
| <b>JANUARY'26</b>                     | <b>Intoduction to number 16-20</b>                   |   |
|                                       | <b>Concepts: Count and Circle the correct Number</b> |   |
|                                       | <b>Count and Match with Correct Number</b>           |   |
|                                       | <b>Concept: In/ Out</b>                              | Box Activity  |
|                                       | <b>Oral-Counting 1 to 20</b>                         |   |
| <b>FEBRUARY'26</b>                    | <b>Concept : One and many</b>                        |   |
|                                       | Revision of all the Shapes, Concepts and Sequencing. |   |
|                                       | · Sequencing 1 to 20                                 |   |
|                                       | · Missing Numbers 1 to 20                            |   |
|                                       | · Drill  |   |
|                                       | · Count and write                                    |   |
|                                       | · Count and Match                                    |   |
|                                       | · Match the similar number                           |   |
| · Oral Counting -1 to 20              |  |   |
| <b>MARCH'26</b>                       | Recaptulisation of whole syllabus                    |   |
| <b>GENERAL AWARENESS SKILL SHEETS</b> |  |   |
|                                       | Introduction to My Self                              | The parcel game (when the music stop child will introduce himself)                        |

|                       |  |  |
|-----------------------|--|--|
| APRIL '25             | Introduction to My Body  | Baby bear (Show them a bear and ask which body part is same as bear)   |
|                       | Good Habits  |  |
